

Straws Show—

Motorists buy a certain make of tires for the first time because it is sold to them—through advertising, salesmanship, or the good words of satisfied users.

But motorists continue to buy that make of tire only because the first tires have made good—have given satisfactory mileage and service.

Motorists bought United States Tires so consistently that, during the first seven and one-half months of this year, we sold and delivered more tires than during the entire twelve months of last year.

And motorists are continuing to buy United States Tires at the same phenomenal rate.

If straws show which way the wind blows, such phenomenal sales increases certainly show where the best tire service comes from.

Safe Home Remedy for Skin-Troubles

Eczema, ringworm, and other itching, burning skin eruptions are so easily made worse by improper treatment

that one has to be very careful. There is one method, however, that you need never hesitate to use, even on a baby's tender skin—that is the resinol treatment. Resinol is the prescription of a Baltimore doctor, put up in the form of resinol ointment and resinol soap. This proved so remarkably successful, that thousands of other physicians have prescribed it constantly for over twenty years.

Generally resinol stops itching at once, and heals the eruption quickly and at little cost. Resinol ointment and resinol soap can be bought at any druggist's.

Resinol Soap is not only unusually cleansing and softening, but its regular use gives to the skin and hair that natural beauty of perfect health which cosmetics can only imitate.

WHERE ARE MY CHILDREN?

This is the Photoplay now playing to the utmost capacity at Majestic Theatre, Boston. Now in its fourth month.

This is the Photoplay that is turning thousands away from three theatres in New York City. Now in its fifth month.

This is the Photoplay that broke all records in Providence last three weeks. Thousands were turned away, unable to gain admission.

So much stress, deservedly or undeservedly, has been laid upon the disagreeable or unpleasant features of this wonderful play that it is well to recall that, after all, its moral is THE TRIUMPH OF MOTHER LOVE. The District Attorney's Wife, after her persistent avoidance of the pains and responsibilities of maternity, comes at last to the realization of its great, its holy meaning.

That she, on account of her foolish, aye, her criminal acts, was enabled to wear the glorious diadem of motherhood simply emphasizes the worth of that diadem. The happy mother of the eugenic baby, the no less happy mother of the "olive branches three," with three more calculated upon, are object lessons that cannot be overlooked, and these mothers become the natural objects of envy of the poor rich woman to whom maternity is denied.

Seats for all performances 25c-50c
